

PIA-STD-1480A
04 September 1999
Revised from
PIA-STD-1480
30 November 1998

The following commercial specification is adopted from the military document. Revision A included all known accepted revisions, amendments, notices, and Department of Defense (DOD) engineering changes previously developed for this item. Revision B includes changes adopted by DOD and Industry to reflect technology and design evolution.

Note: Although many military quality and inspection specifications, drawings and standards have been discontinued or deleted, most have been replaced by industry and commercial documents. When the specification refers to a discontinued or deleted document, you should refer to the procurement document or your contracting officer for guidance.

SPECIAL NOTICE: PIA Revision A contained KNOWN revisions accepted by DOD but never published. There could be other changes, but the records are not available. PIA Revision B reflects actual manufacturers requesting inclusion as surveyed by PIA. Additional interested parties should contact PIA, as noted herein, for assignment of an identification code and listing in future revisions.

COLOR CODES FOR WEBBING, TEXTILE; MANUFACTURERS' IDENTIFICATION

1. SCOPE

1.1 Scope. This standard specifies a color code to provide a means for the positive identification of the manufacturers of certain types of nylon webbing. This code is intended to apply to only nylon webbing.

2. DETAILED REQUIREMENTS

2.1 Color assignment. The identification colors which have been assigned to specific manufacturers are as follows:
