IMPORTANT NOTICE FOR PIA 2027 EXHIBITORS

Viper Tradeshow Services has been assigned as the Official General Contractor of Record for PIA 2027.

As such, Viper has the responsibility of receiving and handling all exhibit materials, including crated and skidded materials that comes in via over the road carriers as well as any and all exhibit materials that arrive at the loading dock for PIA 2027. In addition, it is Viper's responsibility to manage docks, freight elevators, back of the house area freight pathways as well as the scheduling of all vehicles for safety as well as the smooth and efficient move-in/move-out of the exhibition. Viper will not be responsible, however for any materials they do not handle.

Exhibitors may deliver their own materials into the First Financial Center and while you are not obligated to use Viper Tradeshow Services for your Material Handling and Freight into the building, it is highly encouraged that you do so. If Material Handling is not arranged with Viper in advance, Viper cannot provide any labor assistance to/from the loading dock nor provide the use or rental of its Fork Lifts, dollies, flat trucks, pallet jacks and other mechanical equipment to assist with your move-in. Viper Tradeshow Services will control access to the loading docks, back of the house freight pathway access & freight elevators in order to provide a safe and orderly move-in/move-out.

In addition, The First Financial Center is NOT accepting early freight or direct shipments for PIA. It should be noted that any early arriving freight sent in directly to the First Financial Center will be refused, not accepted nor held for any exhibitor at any time in advance or at any time or any day of the PIA contracted lease period.

Vehicles may not be left unattended at the loading areas and loading dock will be monitored by the First Financial Center Loss Prevention/Security Dept. Any unattended vehicles may subject to towing at the owners expense.

If you have any questions or would like to arrange Material Handling by Viper for PIA, please contact Matthew Olis at 224-247-3035 or olism@vipertradeshow.com

PRE-SHOW TIPS

- ***Submit orders early to receive the discounted rate*** – Please complete the necessary forms found in this kit or online at https://order.vipertradeshow.com. Standard pricing will apply to orders received after the published deadline.
- ***Payments*** – **All orders and balances (including material handling) need to be paid prior to the first day of move in. Standard pricing will apply to all orders not paid by the Discount Deadline.**
- ***Preparing freight shipments*** – We strongly encourage you to send all show freight to the advance warehouse. Some cost-saving tips are to consolidate your freight to have it delivered in a single shipment on an LTL freight carrier & arrange for the freight to be received on or before the late to warehouse deadline to avoid late charges. **Material handling applies to every shipment received and charges will automatically be applied to your account upon receipt of each shipment.**
- ***Review Quick Reference Page*** – Please review the show schedule outlined and make sure your travel plans accommodate for a smooth setup and move out; the return of the empty freight containers can take an hour+ after the close of the show. **Please plan accordingly!**
- ***Shipment tracking*** – It is recommended you track your shipment prior to the show to confirm it has been delivered. You can send the tracking information to your Viper Show Coordinator as soon as your freight is in transit.

SHOW SITE TIPS

- ***Viper Service Desk*** – The service desk will be located on the show floor for assistance with questions or show site orders.
- ***Booth orders & freight delivery*** – Our team completes a rental order and advance freight check prior to exhibitor setup to ensure everything pre-ordered and/or sent to the Advance Warehouse is in your booth. A Viper representative will be at the Viper service desk for assistance. Please address discrepancies immediately because credits are not provided to claims made post show.
- ***Empty Storage*** – Material Handling (drayage) service includes the storage of empty containers for the duration of the show. "Empty" stickers will be available at the Viper service desk. Place one sticker on each empty item (crates/skids/boxes) you want Viper to store. All items are returned at the close of the show and can take up to the next morning to be returned.
- ***Labor orders*** – All exhibitor supervised labor orders will need to check in at the Viper service desk once ready for the labor.

All shipments received at the close of the show are subject to a final count. We will count and ship pieces as we find the shipment when we remove them from the booth to load out.

All Material Handling Agreements submitted to Viper by the exhibitor will be checked at the time of pick up from the booth. Corrections will be made where any discrepancies exist between the quantities of pieces listed by the exhibitor and the actual count of such items in the booth at the time of pick up. Viper is not responsible for shipments left in booths by exhibitors. *Any unconsigned shipment left in the exhibit hall after dismantling hours will be shipped via the Official Show Carrier, Viper Transportation, at the expense of the exhibitor. Your bill of lading must be turned in no later than the force times listed on the Quick Reference Page.*

VTS MATERIAL HANDLING TERMS & CONDITIONS

Advance shipments will be accepted at the Viper Tradeshow Services warehouse and allowed up to 28 days free storage if delivered by the advance deadline receiving date listed below, and includes delivering freight direct to the exhibitor's booth storage of empties during the show, delivery of empties at the end of the show to an exhibitor's booth, and turning in Bill of Lading to the service desk and loading of materials onto outbound transportation carrier. Show Site shipments receive the same services except for warehouse storage.

Special Handling Surcharge

Special Handling rates shall be applied to the total standard charges, but are not limited to the following types of shipments. Multiple scenarios may incur multiple special handling charges.

Van Line Shipments	All Shipments delivered by a Van Line Carrier will be charged special handling due to additional labor/handling, designated unloading/loading, etc.
Loose Freight	Shipments packed in such a manner as to require special handling (i.e., loose display parts, loose carpet rolls unskidded, uncrated equipment, stacked freight, etc.) regardless of the kind of carrier or vehicle used, including small package shipments.
Mixed/Undetermined Description	Description of the shipment is such that the type of materials or equipment cannot be determined (i.e., 1 lot 20 assorted pieces, etc.) Including any mixed lot/multiple shipments that are delivered together.
Must be Delivered by Hand	Materials must be moved "by hand" to the booth due to facility situations beyond Viper Tradeshow Services' control (i.e., elevators, rooms forklifts cannot be used, etc.)
Small Package Carriers (SPC)	The use of small package carriers such as FedEx, UPS, DHL, etc. do not provide BOL and deliver large quantities on the dock requiring additional time to sort and identify.

Overtime or Off Target Surcharge

Shipments that qualify for overtime rates are any shipments unloaded or received at the warehouse/show site before 8 AM or after 4:30 PM on weekdays, anytime Saturday, Sunday or holidays or after ONE WEEK OUT. Additionally, when warehouse freight must be moved into the exhibit site on overtime, due to scheduling conflict beyond the control of Viper Tradeshow Services, or show move in or move out times are after 4:30 PM on weekdays, on Saturday, Sunday, or Holidays overtime charges will apply.

Material Handling / Special Handling Definitions

Material Handling: Movement of goods. This includes receipt of your freight, delivery to the booth, storage and return of empty crates/boxes, and reloading.

CWT: 'Hundred weight'- a unit of measurement for weight, equal to 100 pounds.

Storage Terms: Exhibitors may hand deliver their own materials to the exhibit facility through the front doors. The use or rental of dollies, flat trucks or other mechanical equipment is not permitted. Viper Tradeshow Services must control access to the loading docks in order to provide a safe and orderly move-in/out. Material handling fees must be paid in full for any materials that require empty storage.

Multiple Shipments: Any shipments received from multiple locations or received at different times/dates are considered separate and will be assessed multiple Material Handling minimums. No cumulative weights will be allowed on minimums or split shipments.

Ground Loading/Unloading: Vehicles that are not dock height preventing the use of loading docks, such as U-hauls, flat bed double drop trailers, company vehicles with trailers that are not dock level, etc.

Constricted Space Loading/Unloading: Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full car trailer – top to bottom, side to side.

Designated Piece Loading/Unloading: Drivers that require the crew to bring multiple pieces of the freight to the rear of the trailer to the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded sequence to ensure all items fit.

Stacked Shipments: Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and/or pallets constitute special handling.

Shipment Integrity: Shipment integrity involves shipments on a carrier that are intermingled or delivered in such a manner additional labor is needed to sort through and separate the various shipments on a truck for delivery.

Alternate Delivery Location: Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver shipments to different levels in the same building, or to other buildings in the same facility.

Mixed Shipments: Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for this shipment but does require special handling.

"**No Documentation**": Shipments arrive from a small package carrier (including, not limited to, FedEx, UPS, DHL) without an individual Bill of Lading or shipments without a certified weight ticket which requires additional time, labor and equipment to process.

Difference Between Crated and Uncrated Shipments: Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped and/or unskidded without proper lifting bars and hooks.

Dimensional weight is calculated by L x W x H (in.) divided by 200. Material handling and Shipping rates for this show are on actual or dimensional weight, whichever is greater.

EXHIBITOR APPOINTED CONTRACTORS (EAC) GUIDELINES

Please complete and return both EAC forms

Viper Tradeshow Services, acting on behalf of all exhibitors and in the best interest of the exposition, has appointed Official Service Contractors to perform and provide necessary services and equipment. Official Service Contractors are appointed to: ensure the orderly and efficient installation and removal of the overall exposition, assure the distribution of labor to all exhibitors according to need, provide sufficient labor to satisfy the requirements of the exhibitors, and for the exposition itself, see that proper type and limits of insurance are in force, and avoid any conflict with local union and/or exhibit hall regulations and requirements. The Official Service Contractors will provide all usual trade show services, including labor. Exceptions are: the exhibitor may provide supervision; exhibitor may appoint an exhibit installation contractor or display builder.

Exhibitors may employ the service of independent contractors to install and dismantle their display, providing the exhibitor and the installation and dismantling contractor comply with the following requirements:

1. Exhibitor must notify in writing to Viper Tradeshow Services the intention to utilize an independent contractor (EAC) no later than 14 days prior to the first move-in day, furnishing the name, address, and telephone number of the firm.
2. EAC agrees to comply with all the rules and regulations of the show outlined in this agreement, the Exhibitor Kit, including all union rules and regulations and accept liability for any negligent actions.
3. EAC must provide certificates of insurance confirming the following required insurance:
    i. Commercial General Liability, including contractual liability, with a minimum limit of $1,000,000, $2,000,000 general aggregate and $2,000,000 products and complete operations aggregate.
    ii. Automobile Liability with a limit of not less than $1,000,000 combined single limit, each accident. All owned, hired, and non-owned boxes marked.
    iii. Workers Compensation, as required by law, with Employers Liability limits of not less than $1,000,000.
    iv. Umbrella/Excess Liability with a limit of not less than $1,000,000 each occurrence/aggregate.
    v. All policies (except Worker's Compensation) will name Viper Tradeshow Services (Official Service Contractor), Show Management, Show, and the Facility as additional insured on a primary and non-contributory basis.
4. EAC agrees to indemnify, defend, and hold the Show Management, the Facility, the City of Cincinnati, Global Spectrum, and Viper Tradeshow Services harmless from and against all claims, lawsuits, demands, liability, costs, and expenses including reasonable attorney's fees and court costs, arising out of EAC's operations. EAC also agrees to reimburse Viper Tradeshow Services for all attorney fees and costs incurred in connection with all claims, lawsuits and counterclaims that should arise out of EAC's failure to adhere to the terms of this agreement.
5. Exhibitor agrees that they are ultimately responsible for all services in connection with their exhibit, including freight, drayage, rentals, and labor.
6. The EAC must have all business licenses, permits and Workers' Compensation insurance required by the state and city governments and the convention facility management prior to commencing work, and shall provide Show Management with evidence of compliance. If the EAC fails to provide the necessary documentation required, the Exhibitor will be required to use Viper Tradeshow Services for such services at the rates published in the Exhibitor Kit.
7. The EAC will provide Viper Tradeshow Services the number of on-site employees at the time of check-in and see that they have, and wear identification badges as determined by Show Management. No EAC will be permitted on the exhibit floor during show hours without the proper exhibit badges supplied by the exhibiting company.
8. The EAC shall be prepared to show evidence that it has valid authorization from the exhibitor for services. The EAC may not solicit business on the exhibit floor.
9. EAC/Exhibitor may not move freight from one booth to another booth or anywhere else within the Facility, Viper Tradeshow Services must provide labor.
10. The EAC must confine its operations to the exhibit area of its clients. No service desk, storage areas or other work facilities will be located anywhere in the building. The show aisles and public spaces are not a part of the exhibitor's booth space.
11. The EAC is not allowed to bring in freight for their exhibitors, including but not limited to pros, décor, furniture, party rental equipment, display freight, etc. All freight must be unloaded and delivered to the exhibitor's booth space by Viper Tradeshow Services.
12. The EAC shall provide, if requested, evidence to Viper Tradeshow Services that it possesses applicable and current labor contracts and must comply with all labor agreements and practices. The EAC must not commit or allow to be committed by persons in its employment any acts that could lead to work stoppages, strikes or labor problems.
13. EAC will be responsible for all reasonable costs related to its operation. Where applicable a one-hour minimum labor charge will be charged at the appropriate labor rate per union to either the EAC or Exhibitor.
14. The exposition floor, aisles, loading docks, service and storage areas will be under the control of the official service contractor, Viper Tradeshow Services. The exhibitor appointed contractor must coordinate all its activities with Viper Tradeshow Services.
15. For services such as electrical, plumbing, telephone, cleaning and drayage, no contractor other than the official service contractor will be approved. This regulation is necessary because of licensing, insurance and work done on equipment and facilities owned by parties other than the exhibitor. Exhibitors shall provide only the material and equipment they own and is to be used in their exhibit space.
16. The EAC/Exhibitor should order services/rentals from Viper Tradeshow Services and the Facility vendors in advance. Ordering services onsite, which Viper Tradeshow Services may not be prepared to provide immediately upon request) may delay the set-up of the booth or force the setup into overtime.
17. The EAC/Exhibitor should arrange the protection of the product in the booth.
18. The EAC/Exhibitor should label empty containers/crates for storage as soon as they are ready. Holding back on empties adds to congestions to the aisles. Viper Tradeshow Services is not responsible for items left unattended on the show floor or any items stored in empty containers.
19. The EAC/Exhibitor agrees to turn in all outbound bills of lading at the Viper Service Desk on a timely basis. Turning in large amounts of freight bills at one time may delay the outbound loading and subsequently force the loading out into overtime.

I have read the Exhibitor Appointed Contractors section of this manual and understand the terms and conditions. I understand that all the contractors listed above must be approved by Viper Tradeshow Services. I understand it is my responsibility to see that each representative from any EAC for my company abides by the rules and regulations of the event. I also understand that any EAC listed above that is not approved by Viper Tradeshow Services will not be permitted on the floor.
