TAPE, TEXTILE AND WEBBING, TEXTILE, REINFORCING, NYLON

The following commercial specification is adopted from the military document referenced *without change* to the content.

Note: Although many military quality and inspection specifications, drawings and standards have been discontinued or deleted, most have been replaced by industry and commercial documents. When the specification refers to a discontinued or deleted document, you should refer to the procurement document or your contracting officer for guidance.

The Parachute Industry Association makes this document available for use by Industry and Government organizations that wish to apply this specification to their products.

1. SCOPE

1.1 **Scope.** This specification covers nylon reinforcing tape and webbing.

1.2 **Classification.** The tape and webbing shall be of the following types and classes as specified in table I and II in the widths required (see 6.2).

Type II	- Tape - Herringbone twill weave
