

PIA-STD-851
30 November 1998
Renamed from
MIL- STD-851
6 October 1970

The following commercial specification is adopted from the military document referenced *without change* to the content.

Note: Although many military quality and inspection specifications, drawings and standards have been discontinued or deleted, most have been replaced by industry and commercial documents. When the specification refers to a discontinued or deleted document, you should refer to the procurement document or your contracting officer for guidance.

SPECIAL NOTICE: PIA-STD-851 is being adopted in its current military form. It was last revised in 1970. PIA Revision A will contain KNOWN revisions accepted by DOD but never published. There could be other changes, but the records are not available. PIA Revision B (to follow in 1999) will reflect actual manufacturers requesting inclusion as surveyed by PIA. Additional interested parties should contact PIA, as noted herein, for assignment of an identification code and listing in future revisions.

MANUFACTURER'S COLOR, NYLON PARACHUTE CLOTH

1. SCOPE

1.1 Purpose. This Military Standard established the color codings to be used by textile manufacturers for the purpose of identifying their respective products, when so specified by the detail specification for the material or by the procuring activity.

1.2 Color samples. Samples of the colors to be used may be obtained from the Commander, San Antonio Air Material Area, Attention: SANE, Kelly Air Force Base, Texas 78241.

2. COLOR CODE

The color code shall be as follows:
