

Parachute Industry Association

NSRDEC TEXTILE INDUSTRY DAY AT NATICK-24-25 JUNE, 2014

The NSRDEC organization is hosting a textile industry day for government, academia, and industry to showcase some of the textile capability gaps that they have in Airdrop. It will be held at Natick on June 24th and 25th. If interested, the deadline to sign up is May 16th.

Specifically Airdrop will be presenting their challenges with regard to smart textiles (actuation, health monitoring, sensing), green (less toxic, disposable, dissolving) materials, low bulk/low weight materials, cold weather gear, and input into the degradation of parachute textiles. Groups from shelters and clothing will also be presenting.

For more information, PIA members can review the official announcement/registration below or contact me directly.

The official announcement for our Industry Day is at
https://www.fbo.gov/index?s=opportunity&mode=form&id=2cb307a9ef6d987bfacaec3395231c5c&tab=core&_cview=0
Solicitation Number: W911QY14RTXTL

Members should feel free to forward this out to non-members that may also be interested.

Thank you!

Christine
